

Technical Data Sheet

Border Control™

A multiple-use, adhesive barrier to temporary quarantine goods, for insect monitoring and product protection. Border Control 15 and 30 have been specifically developed to manage insect pest intrusions in indoor situations. Border Control 15 is half the width of the original Border Control 30cm roll. Both are 20 metres long. Both are easy to carry, simple to deploy and can be used to monitor all crawling insects. The bright yellow paper is printed with hazard warning lines to alert people using the area to take care. The rolls can be cut to desired lengths.

Product Features

- 15cm & 30cm wide siliconised paper rolls
- 20 metres per roll: thin, light and easy to deploy
- Non-drying adhesive ensures surface remains sticky
- Cuts easily with scissors or a utility knife
- Protection for storage and production areas
- Black and white hazard warnings
- Easy to tape down for greater security
- Attractant lures can be added
- Manufactured in the European Union

Product Specifications

PT1315	Border Control 15	
Roll width	15 cm (6")	
Roll Length	20 metres (66')	
Inner tube length	26cm	
Roll Weight	<0.5Kg (<1.1 lbs)	
Rolls per carton	10	
Carton Dimension	36cm x 31cm x 15cm (6.3Kg)	
PT1330	Border Control 30	
Roll width	30 cm (12")	
Roll Length	20 metres (66')	
Inner tube length	36cm	
Roll Weight	1.1Kg (<2.4 lbs)	
Rolls per carton	6	
Carton Dimension	39cm x 23cm x 17cm (7.4Kg)
